

Action CD and Team Photo Package Special

Complete Information and Instructions

1. Each person on the team receives a CD of every action shot taken of your team during the 2 games we photograph of your team. Your team should have approximately 600 - 1000 action photos of your team's players taken during those 2 games.
2. Teams moving into the Semi-Final and Championship Game Rounds will also have action photos of those games included in the CD package as well as photos of trophy award presentations for the 1st through 4th place.
3. The CD includes ALL action photos taken during your games. This includes both team's photos. The reason we include both team's photos on the CD is there could be photos where players on both teams are in the same photo. Once you get your CD, you can simply delete any photos you do not want of the other team.
4. Everyone's CD will include the candid team photo taken of your team during the opening ceremonies, as well as candid individual or small group photos taken of your team while standing in line during the opening ceremonies.
5. Everyone's CD includes the formal team photo session. The photo session will include the formal team picture with the tournament logo and team name, as well as a funny team photo and huddle shot photo. Team photos should be scheduled on Monday, Tuesday, or Wednesday, however, they can be taken any day during the tournament.
6. The CD will include all of your team's action photos in large JPEG format files. These are printable photo files. This is **not** a CD slide show of non-printable images. Each game and the opening ceremonies will be in its own folder on the CD. A photo release will be provided to each person on your team allowing them to print 4 X 6 photos from the CD at one-hour photo labs for approximately \$.28 each.
7. Team CD Packages include up to 14 CDs. Additional CDs may be purchased at \$29.36 each (no limit).

8. Our photographers will be taking action shots of 2 games played. One photographer photographs two games per round. They will photograph the first three innings of one game, then move to the next assigned field and photograph the last three innings of that game. Photographers will not be at your game for the entire game. Please note: if your team is involved in a game that looks like it is going to be over quickly due to the *mercy rule*, please send a team representative to our booth immediately. We will try to move a photographer to your field quickly to photograph the remainder of that game.

It is very important for all teams purchasing our "Action and Team Photo CD Package" to send one or two parents to our booth after each game photographed of your team to view the photographs on our computers verifying every player has been photographed. If we have not, it is the team's responsibility to let a Gaines Photography employees know who we need to photograph during the next game. The parent assigned to this task should simply write the names and numbers of the missed players on a piece of paper provided by Gaines Photography and give this list to the photographer when they arrive at the next game you play. Please keep in mind that our photographers do their best to photograph every player at each game. However, considering all players are dressed alike and many kids look similar, it is not always possible to know when they have photographed everyone. This is why it is so important to have the parent's help in this process. If for any reason we totally miss a player for whatever reason during the games we photograph of your team, we will come to a 4th game and photograph only the player missed to be sure all players have action photos on the CD. If you do not have a 4th game, we can stage action photos.

10. Once you have played your 2 games and have had your formal team picture taken, your team's representative parent will need to return to our booth to look at our computers and confirm with our staff your game listed numbers and pick out your opening ceremony photos. This process only take 5 minutes, at which time your team's cds will be made. CD burning takes one to three hours. Your team can pick up your "Action and Team CD Package" prior to leaving the tournament. If your team has to leave prior to your CD package being ready, we will mail the package to you for an additional \$6.00 shipping and handling.

11. Pre-Tournament Package price is \$385.00 plus \$25.99 sales tax. Please divide this amount by the parents on your team participating in the purchase. Collect your money as a group and send your team representative to our booth to order and pay. Payment can be made by cash, personal check, credit or debit card. We have change available.
